A GOVERNOR like Pattison comes high. His first administration cost the state \$500,000 for an extra session that accomplished nothing. This year his extra session, with a like result, cost the state \$60,000. Verily Pattison is a reformer with a little r.

WE agree with a contemporary that to offer money inducements to manufacturers of other towns to come here and locate is bad policy. To offer a site, cheaper fuel, etc., are inducements enough. It would be better for our home capitalists to get together and start new manufactures.

**What They are Good For.**  
Brandreth's Pills are the best medicine known.

First—They are purely vegetable, in fact a medicated food.

Second—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.

Third—They purify the blood.

Fourth—They invigorate the digestion and cleanse the stomach and bowels.

Fifth—They stimulate the liver and carry off vitiated bile and other depraved secretions.

The first two or three doses tell the story. The skin becomes clear, the eye bright, the mind active, digestion is restored, constipation cured, the animal vigor is recruited and all decay arrested.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

## POLITICAL POT-POURRI.

Glance Over the Field for Next Year.

The next contest for the Legislature in this county will be more than interesting. There are a host of candidates already in field and Shenandoah has no less than a dozen. Modest isn't she?

Who will be the next Republican candidate for Congress in this district? Ex Congressman Brum is frequently mentioned, but it is said he is a candidate for Judge Peshing's position. Representative Davis is prominently spoken of, but as to whether our "Lias" is willing to enter the list we have nothing definite. He would make a strong candidate and the party could go farther and fare worse. Senator Keeler, it is understood, has become tired of the Senate and would like to go to Congress. Watson F. Shepard, E. q., was the leading candidate on the Democratic side, before the recent election, but his advocacy of Judge Green's re-election has "soured" the young Democracy and he may not get it if the young bloods control the next Democratic convention.

A gentleman, who seems to know all about it, confidentially tells the HERALD that the following is the Republican slate next year: Brum is to be nominated for Judge, Leach for Congress, Hon. Elias Davis for Senator, Cee, of Schuylkill Haven, for Legislature. For the Legislature in the upper (north of the mountain) districts, Phillips, of Gordon; Yost, of Shenandoah, and Weldy, of Tamaqua. Delegates to the National Convention, Wilhelm, of Pottsville; Finney, of Shenandoah; District Attorney, MacWilhelm, of Ashland. Mahanoy City is to have one of the best county offices and a delegate to the next State Convention. The balance of the county offices to go below the mountain.

In the next Democratic County Convention Shenandoah young Democrats will take an important part. Scanlan, Muldoon, Scheidly, Reilly (John A.) and Stanton will be on deck. The most conspicuous and probably the most popular among the number, is Scanlan, who has been set aside so often for other favorites. Scheidly, of course, thinks his chances for a good, fat county office are of the best. He may again be disappointed. We never believed the professions made by his friends were sincere, but we will be greatly surprised should they vote the mark next year and give him a nomination. "Hope deferred maketh the heart sick," and any other person but Scheidly would have died of disappointment long ago.

**Anniversary.**

## NOTES OF TRAVEL

GLEANINGS BY A "HERALD" TRAVELING REPORTER.

OLD TIME RESIDENTS ON THE ROAD

Familiar Faces Seen in Philadelphia, Bethlehem, Reading, Hazleton and Other Places. Now in Other Parts.

Almost every one who lived in Shenandoah in the "Seventies" knew "Johnny" Henderson, at one time clerk at the Kehley Run colliery. I met him the other day on a P. & R. train en route for Williamsport. Since he left Shenandoah Mr. Henderson has been over the largest part of the globe and he spent several months in South America. He is now with a large coal and lumber firm in Philadelphia.

Captain R. J. Linden, superintendent of the Pinkerton detectives, is about to be made superintendent and chief of the Philadelphia force. Captain Linden is well-known in this region, and especially in Shenandoah, where he has many warm friends. The writer met him this week. He has changed very little in appearance.

I met "Phil" Conrad on Seventh street, Philadelphia, recently. "Phil" is an old Tamaqua boy. He was clerk for Wiggins & Treibel, coal operators, and resided at Mahanoy City for a number of years. He is now engaged in the printing business in Philadelphia with his son, and is doing well.

A visit to Reading brought me in contact with two of our former townsmen—Josh Ketter and Stephen Goho. They both own considerable property in the county seat of Berks. Mr. Goho has been especially lucky in his real estate investments there.

Cashier John R. Leisenring, formerly of town, now lives in excellent style in Hazleton. The bank of which Mr. Leisenring is cashier in the new city has been very successful and he now stands in the foremost ranks of bankers.

While in Bethlehem I came across our old friend and former townsman Hon. Joel B. McCamant. He has made the bank with which he is connected in Bethlehem a grand success. Mr. McCamant is an ardent and consistent Democrat, but politics don't count when he can do a friend a favor.

Stepping off the train at Birdsboro a few days ago I met our old friend "Charley" Widenmeyer. He is looking well and has steady and profitable employment. "Charley" never forgets Shenandoah on Decoration or Grand Army Days, when he is found in the ranks of Watkin Waters Post, G. A. R., of town.

"Joe" Bensinger, who, several years ago, was clerking in Hammer's store in town, and who subsequently went into the newspaper business, is now engaged in the hotel business in Dubois. He is one of the most popular landlords in Clearfield county and is making plenty money.

**PERSONAL.**

Rev. William Powick, of the M. E. church, is in attendance at the Epworth League convention in Philadelphia, but will return in time to preach to-morrow.

Mrs. William Gibson, of Wamawie, Luzerne county, is the guest of her daughter, Mrs. George Rohland.

**The Womelsdorf Case.**

The trial of the libel suit of Womelsdorf against Place and Wilson, formerly of the Reading Telegram, was concluded at Pottsville yesterday. The case was given to the jury at 9:30 o'clock. At 6 p. m. the jurors reported that they could not agree and asked to be dismissed, but Judge Peshing insisted upon a verdict. At midnight a sealed verdict was handed in and when opened it was found to be "guilty," with a recommendation for mercy in behalf of Wilson. An application will be made for a new trial.

**Important to Young People.**

Young folks can spend an enjoyable evening at the "Y" meeting this evening. Strangers are especially welcome. The following programme will be rendered: Instrumental Music, Miss G. Haesler. Paper on scientific temperance, A. C. Morgan. Comic Recitation, Miss Jennie Beddall. Question Box, Benj. Siddell. Singing, "Y" members. Social Hour. Reading, Miss Annie Clausen. Critic's Report, Wm. Reeves.

**Revival Services.**

Interesting revival services have been going on at the M. E. church during this week and will be continued from night to night.

It don't do to neglect nature's warning signs through the system, cause Rheumatism, Neuralgia and Backache. Try Red Flag Oil, the Famous Pain Cure, 25 cents at Kirkin's drug store.

Four tintypes for 25 cents, at Dabb's. 1f

## HERE IS A GOOD PLAN

To Get Manufacturers of all Kinds to Locate in Our City.

The following article, originally published by the HERALD several weeks ago is still being published throughout the county and will be at republication here:

A prominent business man suggests the following plan for organization in lieu of a board of trade. The idea is a novel one and the plan appears feasible. It is suggested that a co-operative industrial organization, having for its object the promotion of home industries, be formed. That property holders, business men, and taxpayers who are not property holders or business men, be enlisted and each member pay in one dollar per month on each share.

On an issue of 500 shares the income would be \$500 per month and such an income would lay a good foundation for serious and healthy industrial movements. Of course if one of two thousand shares could be disposed of, so much more healthy the movement would be. When sufficient funds are accumulated the association would be in a position to give outside capitalists and manufacturers, who are now rapping at our doors, substantial encouragement without casting a burden upon any class of citizens.

The property holder, of course, is the most interested in having industries established in the town, and he could well afford to waive interest for a while on the installments he would pay into the fund. The business man is equally interested, and the taxpayer who is not engaged in business and does not own property would also have an interest.

In the case of the latter the holder of shares who takes an active interest in the affairs of the association would be in a better position to secure work for his relatives in the factories or other industries that might be established than the man who interested himself in no way with the organization.

**Gratifying to All.**

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy, Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Co.

A fine stock of guns and ammunition for sale cheap at Max Reese's. 10-24-1f

**Wonderful Realism.**

Every atom of scenery used in the production of "She Couldn't Marry Three," is specially built for the play. There are over three tons of it; it is worth going miles to see. One of the most notable scenes in the play is a picture of the Cornish Coast, with practical revolving light-house and moonlight on the ocean; also the view of Carbury's Abbey with crumbling walls and clinging ivy, a scene so beautiful as to baffle description. In the last act of the play is shown an exact representation of Dingley Tunnel, one of the most stupendous and natural railroad scenes ever produced.

Every one of these novel effects are guaranteed by Managers Hassenforder, and will be seen here in the production of "She Couldn't Marry Three."
